Hi Lyle,

Hope this email finds you well.

As part of the Israel Trade Office's effort to connect the Israeli and US tech ecosystems, I am excited to invite you to our annual HLS Delegation.

12 companies encompassing a wide range of physical security technology will be visiting the West Coast March 11th-13th. Technologies will include data analytics, facial recognition, security collaboration platforms, perimeter security, and much more.

Please see the catalogue and itinerary below:
